*Collector and Assistant Secretary :*—Mr. R. T. Williams.

*Organiser and Collector of Contribution Fund :*—

Mr. J. R. Jackson.

## REPORT, 1928.

---

The Committee of Management of the Ripon Dispensary and Cottage Hospital present their Annual Report of the work done in the various Wards of the Hospital, and of the alterations made to the Old Building, and of the financial position as regards the expenditure for the year, and the outlay incurred in building operations.

There were 139 Out-patients treated last year, as compared with 104 in the previous one.

The number of In-patients admitted was 340, as against 279 in 1927 ; 254 in 1926 ; and 220 in 1925.

Last year 245 operations were performed in the Hospital to In-patients (an increase of 60 over the previous year) and 50 to Out-patients.

42 Patients were treated for Massage during the year by the Masseuse.

The number of Vouchers issued under the Contributory Scheme during the last year was 60, of which 54 were for In-patients viz. : 20 for men, 12 for Women, and 21 for Children, and 6 Vouchers were for Out-patients.

One Patient under the Provident Scheme was admitted, but none under either the Servants' or Insurance Schemes.

The Death of 15 Patients took place in the Hospital, of which 4 occurred within a few hours of admission.

There were 24 cases the result of Motor accidents brought to the Hospital during the year. In seven of these cases no remuneration has been received, but a large number have paid in full or given Donations. Some of the Patients came from Newcastle, Hull, Halifax, &c. The great North Road and its neighbourhood seems to have been the scene of most of the accidents. On the whole the finances of the Hospital have not suffered very much this year from these accidents.

The alterations to the old Building which were necessary in order to adapt it to the requirements of the New Wards, and which were begun early last year, are now completed and in use ; These alterations have provided six additional Bedrooms for Members of the Nursing and Domestic Staff, with the necessary Bathrooms, &c., a Store Room and a spare Room on the first floor, adjoining the Matron's Sitting-Room. Below, on the ground floor, adjoining the Hugill Ward, three new Rooms have been erected ; one for X-Ray, one for Eye Work and Massage, and a small one at present used for Storage.

It is difficult to estimate the relief and advantage of this additional accommodation, in fact it would have been almost impossible to carry on the work of the Hospital, which has increased so rapidly lately, without it ; and it is hoped that it will make it unnecessary for any further alterations or additions to be made for some time to come.

The cost of these building alterations has been met, principally, by the balance remaining in the King Edward VII Memorial Fund, and partly by a Fund raised by a Committee elected for the purpose at a Public Meeting held at the Town Hall. Now that the work has been completed and the expenditure met, this Committee has ceased to exist, as has been notified in the local papers. It is felt that the Cottage Hospital Committee would like to take this opportunity of thanking that Committee for its services and help.

A statement as to the expenditure on this Building will be found in the Report.

It should also be mentioned that a Fund has been raised through the exertions of Miss Beilby and Miss Moore for equipping the Massage Room.

The Contributory Scheme still continues to work satisfactorily. The total number of Members now considerably exceeds that originally estimated, and on 31st December, 1928, amounted to 1305—an increase of 282 on the previous year.

It is found that from various causes, Contributors have occasionally to be sent for treatment to other Hospitals. An arrangement has been come to with the Harrogate Infirmary that on presentation of a Voucher, procurable at the Ripon Cottage Hospital, properly filled up, and signed by one of the

Ripon Hospital Medical Staff, In-patients will be admitted and treated at the Harrogate Infirmary at a charge of 35/- per week ; and Out-patients treated at a charge of 2/6 for first visit, and 1/6 for subsequent visits. These charges to be paid Quarterly by the Ripon Cottage Hospital out of the Contributory Fund on receipt of a statement sent by the Harrogate Infirmary.

It is satisfactory to find that the Scheme has been taken up by the Country districts and Villages, where several Meetings have been held ; notably one at Masham, where Lady Cunliffe-Lister kindly took the Chair at a largely attended representative Meeting..

The Committee would like to thank all those Ladies who have been associated in the work of the Linen Guild, which has resulted in such a valuable and useful contribution to the Hospital. They would specially like to mention Miss Bland who has acted as Hon. Secretary, and the Matron, as Hon. Treasurer. They wish also to thank those who have given, and especially Mrs. Harker for so kindly and successfully carrying out the Tin Foil Collection, commenced by her in 1927—it has realised £18 3s. 0d. altogether—£10 18s. 0d. being for the year 1928.

The past year has been an exceptionally heavy one for the Staff. The Committee believe that the good work done is gratefully appreciated by the Citizens of Ripon and the neighbourhood, and they wish to express their thanks to all the Members of the Medical Staff, and to those who as Honorary Members from a distance have come to give their valuable help especially are their thanks due to Miss Heslop (the Matron) and the whole of the Nursing Staff who have been most assiduous in their arduous labour.
